FIRST LEVEL APPEAL

TO: INMATE ROBINSON, J-71342

RE: APPEAL LOG NUMBER: CAL-B-06-00951

APPEAL DECISION: PARTIALLY GRANTED

INMATE INTERVIEWED BY: CORRECTIONAL SERGEANT, T. CATLETT

APPEAL ISSUE: ADA

APPEAL RESPONSE: In consideration of your appeal, a thorough review of your appeal and its attachments was conducted. The California Code of Regulations and all applicable laws and procedures were considered along with the contents of your Central File.

It is your position your medical condition necessitates you be housed in a cell on the lower bunk and on the lower tier.

You requested to be placed in a vacant cell on Facility B.

You were interviewed on April 25, 2006, by Correctional Sergeant T. Catlett, regarding your appeal. During the interview you indicated all you had to say was already in the appeal. Attached is a copy of your current CDC7410, indicating you are to be assigned to a lower bunk / lower tier. On May 4, 2006, a CDC-154 (attached) was generated moving you to a lower bunk / lower tier. You are not entitled to a "vacant cell".

Based on the above information, your appeal is **PARTIALLY GRANTED** at the First Level of review.

Memorandum

Date : MAY 30 2006

To : INMATE ROBINSON, J71342

Subject: SECOND LEVEL APPEAL RESPONSE
LOG NO: CAL-B-06-00951ISSUE: ADA

It is your position that due to your medical condition you should be housed in a vacant cell with a lower tier/lower bunk assignment on Facility "B". Additionally, you are requesting your CDC 7410, Comprehensive Accommodation Chrono be returned to you from the "Housing Sergeant" and you be allowed to file a CDC 602, Inmate Appeal with Appeals regarding your complaint.

You are requesting reassignment to a vacant cell on Facility "B" when a vacant cell is available.

INTERVIEWED BY: T. Catlett, Correctional SergeantREGULATIONS: The rule(s) governing this issue is (are):

*California Code of Regulations, Title 15, Section 3375, Classification Process
Department Operations Manual, Section 520220.4.3 and
The Americans with Disabilities Act*

DISCUSSION:

On May 4, 2006, a CDC 154, Inmate Transfer/Housing Assignment Change, was generated moving you to a lower bunk on the lower tier to comply with the CDC 7410 Chrono dated February 16, 2006. In your appeal you stated you spoke with the "Housing Sergeant", however, Calipatria State Prison does not have a "Housing Sergeant" position. The Housing Lieutenant makes the appropriate cell moves and bed assignments.

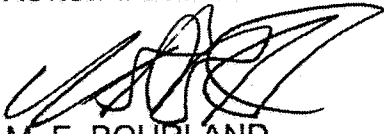

A review of your Central File indicates you were cleared for double cell housing on January 18, 2006, during Initial Classification Committee. A further review of the CDC 7410, Chrono signed and dated February 16, 2006, does not indicate you required vacant or single cell housing.

INMATE ROBINSON
CAL-B-06-009511
Page 2

Two copies of the CDC 7410, Chronos were returned to you on May 21, 2006, and as you requested this CDC 602, Inmate Appeal was processed through the Appeals Coordinator. You were subsequently moved to your current cell assignment of B2-107L.

DECISION: The appeal is Partially Granted at the Second Level of Review.

The appellant is advised that this issue may be submitted for a Director's Level of Review if desired.

DIRECTOR'S LEVEL APPEAL DECISION

Date: JUN 28 2006

In re: Robinson, J-71342
Calipatria State Prison
P.O. Box 5002
Calipatria, CA 92233

IAB Case No.: 0513814

Local Log No.: CAL 06-00951

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner K. J. Allen. All submitted documentation and supporting arguments of the parties have been considered.

I APPELLANT'S ARGUMENT: It is the appellant's position that due to his medical condition he should be housed in a vacant cell on a lower tier. The appellant believes that staff would be violating his constitutional rights if he does not receive the lower bunk chrono. The appellant also requests a copy of his CDCR Form 7410, Comprehensive Accommodation Chrono.

II SECOND LEVEL'S DECISION: The reviewer found that the appellant is currently housed in a lower tier cell and assigned to the lower bunk consistent with his CDCR Form 7410, dated February 16, 2006. A review of the appellant's central file indicates he is clear for double-cell housing and there is nothing in his Unit Health Record that indicates he requires single-cell housing. Lastly, the reviewer notes that two copies of the appellant's CDCR Form 7410 were provided to him on May 21, 2006. The appeal was partially granted at the Second Level of Review.

III DIRECTOR'S LEVEL DECISION: Appeal is denied.

A. FINDINGS: The appeal received a through review by supervisory staff, and the appellant's housing is consistent with his medical needs. Additional relief from the Director's Level of Review is unwarranted.

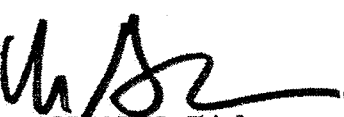

The appellant has added new issues and requests to his appeal regarding a correctional sergeant not properly responding to his original appeal. The additional requested action is not addressed herein as it is not appropriate to expand the appeal beyond the initial problem and the initially requested action (CDC Form 602, Inmate/Parolee Appeal Form, Sections A and B). This must be submitted to the institution for review on a separate appeal in order to allow institutional staff the opportunity to respond and, possibly, provide the appellant with a satisfactory response.

B. BASIS FOR THE DECISION:

Armstrong v. Davis Court Ordered Remedial Plan: ARPI, ARPILA, ARPILF, ARPIV.I
California Code of Regulations, Title 15, Section: 3001, 3350, 3354

C. ORDER: No change or modifications are required by the institution.

This decision exhausts the administrative remedy available to the appellant within CDCR.
